# Cambridge Kids' Council & Agenda for Children

## CAMBRIDGE KIDS' COUNCIL

51 Inman Street  
Cambridge, MA 02139  
Contact: Mary Wong,  
Executive Director  
(617) 349-6239  
E-mail: mwong@cambridgema.gov

The Coordinating Council for Children, Youth and Families (Cambridge Kids' Council), established in 1991, is a City board dedicated to improving the quality of life for its children and their families through making policy recommendations and setting up programs and services. The Council brings together parents, community organizations, top City officials, and representatives of philanthropy, business, and universities to advocate for the well being of Cambridge children.

Four current major initiatives of the Kids' Council to achieve its mission are:

### Centers for Families

Centers for Families is an initiative to develop school-linked, neighborhood-based family support centers for all families, particularly to those with children from birth to age 5. By coordinating formal and informal resources, the centers will link families to a full range of services to support them in nurturing their young children. The initiative began with the establishment of the Center for Families of North Cambridge in 1994. Ongoing efforts to expand family support activities across the city continue.

## Agenda for Children

Introduced to the city in 1997, this initiative is to bring together different city departments, community-based organizations, businesses, philanthropies, and residents to ensure that our city's children are healthy and successful in school while living in strong communities. A special feature of this initiative is *Community Engagement*, to ensure community involvement in the planning and implementation of the initiative's two goals.

### Goal #1

Children and their families will be able to read.

#### Objectives

- That parents and primary caregivers be supported in their role as primary and continuous teachers of language.
- That childcare workers and teachers be supported in their role in developing literacy and have the necessary tools.
- That children have access to necessary resources to practice literacy activities.
- That children who might experience difficulty learning to read and write be identified early and receive support.

Lei-Anne Ellis, Literacy Coordinator  
119 Windsor Street, Ground Level  
Cambridge, MA 02139  
Tel: (617) 665-3827  
E-mail: lellis@challiance.org

### Goal #2

Children and youth will have equal access to safe, stimulating, nurturing and healthful out-of-school time activities.

#### Objectives

- That families and service providers improve their connection to one another.
- That the service providers strengthen operational infrastructure through partnerships.
- That all programs strive for the highest quality through innovative programs.

Susan Richards, Out-of-School Time Coordinator  
51 Inman Street  
Cambridge, MA 02139  
Tel: (617) 349-4099  
E-mail: sscott@cambridgema.gov

## Youth Involvement

Began in 2001, this initiative is to develop a group of young people working with adult supporters to increase youth participation in the civic life of Cambridge. The initiative's guiding principles are:

- To have as many youth participate in opportunities created by and for young people
- To ensure diverse representation of youth throughout the city of Cambridge.

The goals of the initiative are to have youth develop leadership skills, voices to raise issues that are important to them, solutions to those issues, and a vehicle for youth decision-making in the city. Youth ages 14 to 18 are recruited to participate in the planning and implementation of short and long

term projects. Ongoing recruitment of youth as well as parents and other adults to join the effort are conducted to ensure diverse representation and to strengthen youth to parent and adult connections.

## Policy Plan for Inclusion of Children & Families with Disabilities

In November 2002, the need for a citywide policy plan for inclusion of children and youth with disabilities in Out-of-School Time Programs and activities was identified. The Kids' Council formed a subcommittee in February 2004 to develop the Cambridge Policy Plan for Inclusion of Individuals with Disabilities in Out-of-School Time Programs. In February 2005, the Cambridge City Council and School Committee unanimously adopted that Policy Plan, making it an official City policy. Steps to implement the Policy Plan have begun, including ongoing update and review on its progress towards achieving inclusion.

In addition to these four major initiatives, the Kids' Council is working on several other efforts to respond to the needs facing our city's children. Parents and interested parties are invited to attend the Kids' Council meetings and participate in the Council's working groups. Please contact us for additional information.

## King Open Extended Day Program

King Open Extended Day serves King Open students and their families in a positive and safe out-of-school time setting that promotes the social, emotional and intellectual development of children in grades K-6. Through project-based learning, hands-on, cross-grade and enrichment activities, field trips and other fun and engaging experiences, we encourage children to explore the world around them and develop their interests and talents while nurturing their academic and interpersonal growth. The program operates weekdays during the school year (September to June) from the end of the school day until 6:00 pm, including early release days and vacation weeks. The program is closed on legal holidays and during the summer. ### The Longfellow Neighborhood Council

The Longfellow Neighborhood Council is a group of Longfellow area residents who care about their neighborhood and who meet together regularly to discuss the issues, which affect this community. Such issues may include programming for children and adults in the Longfellow Community School, park activities in the neighborhood parks during the summer, park renovation and maintenance, special events such as potluck dinners, and seasonal events such as Halloween parties and neighborhood caroling. Successful programs such as our Music Program, "Home Sweet Home", "Evenings With Longfellow" and "The Snow Park" will continue as well as our new initiative, The Longfellow Neighborhood Council Historical Project. If there is a particular class or activity that you would like to see us offer, please let us know.

The North Cambridge Crime Task Force was founded by a group of concerned neighborhood residents. With support from the Police Department, City Councillors and other City and State Officials we have worked to enhance neighborhood cohesion and address the issue of crime, especially drug-related crime in the community.

The North Cambridge Crime Task Force meets on the 3<sup>rd</sup> Wednesday of each month at different locations in North Cambridge. Participants at our meetings include: community residents, representatives of local businesses, clergy, the Police Department, City Council, Department of Human Services and other neighborhood organizations. Our meetings give participants an opportunity to discuss the issues of crime and disorder and to organize community activities that convey a strong prevention message. One of the many ways that we have served the community is sponsoring National Night Out Against Crime. **The North Cambridge Night Out event is held on the first Tuesday in August.**

# Youth Programs

The Cambridge Youth Programs' (CYP) goal is to enrich the lives of youth (aged 9-19) by promoting a safe, fun place to grow, academic support, recreational activities, and an opportunity for mentorship. We serve youth members throughout the year and in the summer. Youth attend five different youth centers located throughout Cambridge. Our focus is on leadership development and providing quality programming for the youth of Cambridge.

CYP has a history of adapting to changing needs of the community. The Youth Program's five Youth Centers include classroom space, meeting rooms and easy access to parks and athletic fields. The Leadership Program focuses on the needs of our pre-teen (9-13) members, and our Teen Evening program works with older youth (14-19). Programs include employment assistance, homework help, literacy programs, drama, science, cooking, life skills workshops, speakers, drug and alcohol prevention programs, trips, sports leagues, recreation, computer labs, and special events. Our pre-teen programs are also fully licensed by the state Office of Childcare Services, which has enabled us to expand our programs and enhance the overall quality of our services.

We strive to eliminate discrimination and to promote equal opportunity for people with all types of disabilities – physical, mental and sensory. The Commission provides information, referral, guidance, and technical assistance to individuals and their families, schools, employers, public agencies, businesses and private non-profit organizations. Examples of our ongoing work include:

- work with various City departments to ensure compliance with the Americans with Disabilities Act (ADA), including access for people with disabilities to City facilities and programs
- provide free disability awareness training upon request for any Cambridge business, school, or non-profit,
- issue Temporary Disability Parking Permits to Cambridge residents,
- provide Taxi Discount Coupons to disabled Cambridge residents in conjunction with the Cambridge Council on Aging, and
- work with the Traffic, Parking, and Transportation Department to establish new accessible parking spaces as needed.

The goal of our 11-member citizen advisory board, comprised primarily of individuals with disabilities, is to maximize access to all aspects of Cambridge community life. Our regularly scheduled Commission meetings, which always include an opportunity for public comment, are held at 5:30 p.m. on the second Thursday of each month. Our newsletter, *AccessLetter*, provides information and news on a variety of disability-related topics, and welcomes articles and story suggestions. ### **DHSP Inclusion Efforts Underway**

During the past year, the Department of Human Service Programs has begun a significant planning effort to enhance the capacity of all of our Out of School Time Programs to serve children with disabilities in inclusive environments along with their typical peers. Our goal is to make our programs welcoming and supportive for all children. We have provided initial training in creating welcoming environments and in creating inclusive programs to many of our staff and more training will follow throughout the year. We have hired an Inclusion Specialist to work with our staff, families and a Department Inclusionary Support Team so that we will have the necessary resources and skills to make our Out of School Time Programs safe and welcoming for all children.
